HYDRANT FLUSHING TO TAKE PLACE WEEK OF SEPTEMBER 26<sup>TH</sup> IN PENN YAN

The Penn Yan Municipal Utilities Water Crew will be flushing the Village hydrants the week of September 26<sup>th</sup>. The flushing is done in order to thoroughly clean the Village's water delivery system.

This flushing of the hydrants can cause cloudy water. Although the water will still be safe to drink, residents may wish to purchase bottled water for consumption. It is also advised that they run their faucets to clear any cloudy water that may have collected in their service line during the flushing process. Low water pressure may also occur during the time when flushing is taking place.

This flushing is required by the New York State Department of Health to clean sediment out of the system.

# 2016 Fall Foliage Report now available online

The 2016 fall foliage season in New York State has begun and the I LOVE NY fall foliage report, a weekly updated and volunteer-sourced document that charts the color conditions of leaves across the state, has been released. In addition, to promote and showcase New York's extraordinary autumn locations, travelers are invited to join the 2016 Foliage Photog of the Week campaign and share their photos of New York State on social media by using the #NYLovesFall hashtag.

"New York is home to some of the most spec-

tacular foliage and natural beauty in the country, making it one of the nation's top destinations to visit in autumn," said Gov. Andrew Cuomo. "This is the perfect time for New Yorkers and visitors alike to take a trip to any number of state parks, historic sites and attractions across this great state and discover all there is to love about this special time of year in New York."

One of the most popular travel times of the year, the fall foliage season means big business in New York State. In 2015, it is estimated that travel spending from

September through November in the state had a total economic impact of more than \$26.5 billion. Because of its size, New York has one of the best foliage seasons in the nation. On any given weekend, from late September through mid-November, there is somewhere in the state with peak foliage.

To promote spectacular autumn sites found across the State, I LOVE NY will host a social media campaign featuring photos taken by Twitter, Instagram and Facebook users called Foliage Photog of the Week. The campaign will run

through the end of the foliage season in early November and one spectacular New York State fall foliage photo posted using the #NYLovesFall hashtag will be selected and shared across all I LOVE NY social media channels each week. To qualify, users must tag photos with the name of the location of where the image was taken.

## Volunteer Leaf Peepers

The I LOVE NY team of volunteer Leaf Peepers, located throughout the state's 11 vacation regions, are tasked with keeping track of the col-

or change in their area as leaves progress each week. The information is then used for fall foliage reports, which are posted online each week, featuring a detailed map of color change throughout New York State, vantage points for viewing spectacular foliage, suggested autumn getaways and weekly event listings in each region. Find the first 2016 New York State Fall Foliage Report here.

## About Fall Foliage

The weekly foliage report, a detailed map charting fall color progress, vantage points for

viewing spectacular foliage, suggested autumn getaways and weekly event listings are available by visiting the I LOVE NEW YORK web site at [www.iloveny.com/foliage](http://www.iloveny.com/foliage). Reports are also available by dialing, toll-free, 800/CALL-NYS (800/225-5697) from anywhere in the U.S., its territories and Canada. To learn how to become a volunteer Leaf Peeper, e-mail your name, address and phone number to [foliage@esd.ny.gov](mailto:foliage@esd.ny.gov). Fall foliage reports are also available by dialing, toll-free, 800-CALL-NYS.
