### SUPERNATURAL 7 p.m. on KDAF

Echoes of the original "Westworld" movie are apparent in the new episode "Tombstone," which takes Sam, Dear and Jack (Jared Padalecki, Jensen Ackles, Alexander Calvert - and Castiel (Misha Collins), who has rejoined them - to a classic Western town. While he and the others try to solve a murder, Dean gets involved in an old-fashioned gunfight.

### **ARROW** 8 p.m. on KDAF

Oliver (Stephen Amell) comes to a major decision while Slade (guest star Manu Bennett) looks into his own son's recent past in the new episode "Promises Kept." A villain known as The Dragon preys upon the city's technology, prompting a big offensive against him. David Ramsey and Emily Bett Rickards also star.

#### **LIFE IN PIECES** 8:30 p.m. on KTVT

Finding a time capsule they buried as children becomes the quest for Heather, Greg and Matt (Betsy Brandt, Colin Hanks, Thomas Sadoski in the new episode "Treasure Ride Poker Hearing." Jen (Zoe Lister-Jones) tries to improve her standing with a car service. Joan (Dianne Wiest) has an ulterior motive for entering a poker game. John (James Brolin) has worries about his new hearing aids.

#### **BLINDSPOT** 7 p.m. on KXAS

A computer-hacking group is up to no good, putting Jane and Weller (Jaimie Alexander, Sullivan Stapleton) on its trail, in the new episode "Upside Down Craft." A secret that Patterson and Rich Dot Com (Ashley Johnson, guest star Ennis Esmer) share makes them anxious about others possibly learning it. Guest stars also include Mary Stuart Masterson and Heather Burns. Rob Brown, Audrey Esparza and Luke Mitchell also star.

#### **ROAD LESS TRAVELED** 8 p.m. on CMTV

Singer-songwriter Lauren Alaina previously guest starred as herself on an episode of the CMT soap "Nashville," but she's playing Charlotte, a fictional counterpart, in this new 2017 romance. Also a songwriter, Charlotte is struggling to balance her career with dreams of love as she returns to her hometown of Harmony, Tenn., to face her past and re-evaluate plans for the future after running into her old flame, Ray (Donny Boaz, "NCIS"). Charlene Tilton ("Dallas") and Jason Burkey also star.

### MARVEL'S **INHUMANS**

8:01 p.m. on WFAA In the finale of what has been

a relatively brief first season for the fantasy-drama series, " And Finally: Black Bolt" pits that character and Maximus (Anson Mount, Iwan Rheon) against each other in a particularly vicious case of sibling rivalry, as the brothers face off in battle. The fight is destined to have a definite resolution, and it will have a major effect on all Inhumans. Serinda Swan, Isabelle Cornish, Ken Leung and Ellen Woglom also star.

#### A YEAR IN SPACE 7 p.m. on KERA

Brothers Scott and Mark Kelly have been among the most famous symbols of NASA in recent times, and this 2016 special examines their experiences, both in space and at home on Earth. Scott is seen training for his 12 months aboard the International Space Station, which concluded just before this program first aired. His identical twin Mark is used as a basis for gauging any changes in Scott, physically and mentally, during his time in orbit.

#### **BEYOND A YEAR IN** SPACE

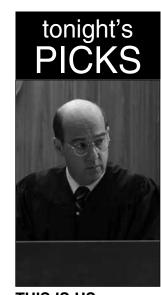

8 p.m. on KERA

A continuation of last year's program "A Year in Space," this new special begins with Commander Scott Kelly's return to Earth after 12 months aboard the International Space Station. Along with his fellow-astronaut twin brother Mark, he participated in post-mission medical tests to help NASA determine the effects of long-duration space travel. Two more astronauts preparing for such an assignment also are profiled during the hour.

#### **DYNASTY** 8 p.m. on KDAF

Blake (Grant Show) isn't sure what to do about Cristal's (Nathalie Kelley) houseguest, while Fallon (Elizabeth Gillies) is sure of exactly what she wants, in the new episode "I Only Exist for Me." Sammy Jo's (Rafael de la Fuente) babysitting mission goes awry.

### THIS IS US 8 p.m. on KXAS

Kevin (Justin Hartley) has had mixed feelings about a lot of the situations in his life, and that isn't likely to change as his high school gives him an honor in the new episode "Number One." In flashbacks, Jack and Rebecca (Milo Ventimiglia, Mandy Moore) ponder what their children's futures will be like. Sterling K. Brown, Chrissy Metz, Susan Kelechi Watson and Chris Sullivan also star.

#### **MOONSHINERS** 8 p.m. on DISC

Veteran moonshiner Tim Smith continues to expand his legal distillery while trying to protect his legacy for a future generation, but is his son JT ready to assume responsibility for the operation? That's one of the questions to be addressed as this hit unscripted series returns for Season 7. Elsewhere, Mark Rogers and a relative newbie plan an expansion to their operation that could encroach on a rival's turf.

#### LAW & ORDER TRUE CRIME: THE MENENDEZ **MURDERS** 9:01 p.m. on KXAS

"Episode 8" marks the conclusion of the fact-inspired drama, as a hung jury in the brothers' first trial leads to a second trial — with Harry Hamlin, surely no stranger to television courtrooms thanks to "L.A. Law," playing defense attorney Barry Levin. Efforts to reshape the image of the Los Angeles District Attorney's office impact Judge Weisberg (Anthony Edwards), who won't allow other members of the Menendez family to testify. Edie Falco and Mark Moses also star.

THE SWEETEST **CHRISTMAS** 7 p.m. on HALL

After breaking up with her boyfriend just before the holidays, Kylie (Lacey Chabert) throws herself into getting ready for a gingerbread baking competition. If she can win, the large cash prize would allow her to open her own bakery. Disaster strikes, however, when the oven she's using stops working, forcing her to reconnect with an old flame (Lea Coco, "Queen Sugar") who just happens to own a restaurant. Jonathan Adams, Lara Gilchrist and Lane Edwards also star in this new romance.

#### OSCAR PISTORIUS: **BLADE RUNNER KILLER**

#### 7 p.m., 11:02 p.m. on LIFE

Despite having both legs amputated below the knee when he was a baby, South African athlete Oscar Pistorius became a gold medal Paralympic champion and the first double-leg amputee to participate in the Olympics. His subsequent status as role model and media darling was shattered, however, on Valentine's Day 2013, when he fatally shot his girlfriend, model Reeva Steenkamp, in his South Africa home. Andreas Damm and Toni Garrn star as the ill-fated couple in this new Lifetime Original Movie.

#### **RELEASED**

#### 9 p.m., 12 a.m. on OWN

Sam gets a driving lesson from his daughter, while Bruce's relationship with Kina is feeling the strain of his early-morning work hours in the new episode "Moving On." Elsewhere, things between Kay and Rachel are swiftly approaching the point of no return, but Michael is hopeful his love life finally is on the upswing, thanks to a woman he met at church.

### WAR DOG: A SOLDIER'S **BEST FRIEND**

7 p.m., 3:15 a.m. on HBO

Channing Tatum is an executive producer on this touching documentary from director Deborah Scranton, which explores the intimate relationship between U.S. Special Operations soldiers and the K9 partners who serve by their side. These canines work tirelessly and efficiently to find and disarm enemies while also providing much-needed companionship and emotional support to their human partners in even the bleakest circumstances. The film incorporates extensive and exclusive military footage to tell some unforgettably poignant stories of this friendship under fire.

#### THE GOOD DOCTOR 9:01 p.m. on WFAA

As might be expected, a patient who also has autism gives Shaun (Freddie Highmore) a particular challenge in the new episode "22 Steps." The ensuing consultations and treatment test both of them. Dr. Kalu (Chuku Modu) runs up against unexpected boundaries that his surgical skills may not be able to get past. Antonia Thomas, Nicholas Gonzalez, Richard Schiff and Hill Harper also star.

**GHOSTED** 7:30 p.m. on KDFW

The absent Captain Lafrey (Ally Walker) is replaced by artificial intelligence — which goes by the name Sam — in a new episode logically titled "Sam." In the tradition of "2001: A Space Odyssey's" HAL 9000, the system turns out to be scheming and sinister, forcing Max and Leroy (Adam Scott, Craig Robinson) to beat it at its own game. Sonya Walger ("The Catch") guest stars. Amber Stevens West also stars.

### THE LAST MAN ON EARTH

8:30 p.m. on KDFW

When the pregnant Carol (Kristen Schaal) experiences something quite unexpected, Tandy (Will Forte) is ready to deal with it — though Gail (Mary Steenburgen) tries to dissuade him — in the new episode "Double Cheeseburger." Melissa and Todd (January Jones, Mel Rodriguez) also run into complications revolving around babies. Cleopatra Coleman also stars.

#### **VICE PRINCIPALS** 9:35 p.m., 10:35 p.m., 12:55 a.m. on HBO

We live in a time when way too many series overstay their welcome, so hats off to longtime professional collaborators Danny McBride and Jody Hill for conceiving this profane, somewhat uneven but often hilarious comic saga as a two-seasonsand-out narrative. Tonight's series finale, "The Union of the Wizard & the Warrior," has a title that suggests that rivals and frenemies Neil Gamby (Mc-Bride) and Lee Russell (Walton Goggins) reach some kind of accord as the school year comes to a startling end.

## **CNN's 'Jeremiah Tower:** The Last Magnificent' profiles a revolutionary chef

Jeremiah Tower is the most important chef you've likely never heard of, and that's something Anthony Bourdain wants to change.

In "Jeremiah Tower: The Last Magnificent," executive produced by the "Parts Unknown" host, directed by Lydia Tenaglia and premiering Sunday, Nov. 12, on CNN, viewers are introduced to a selftaught chef who established his reputation as a culinary innovator with his 1970s stint as executive chef at the legendary Berkeley, Calif., bistro Chez Panisse, where

his experimentation with local ingredients gained him worldwide acclaim.

"We had been a French restaurant and ... most ingredients were not up to French standards for making French food taste the way it should," Tower explains. "So I just looked around and said, 'Well, the hell with all of that. I'm beating my head against the wall. I'm just going to use whatever local ingredients there are.' As I had been doing before, but I was trying to fit them into a French mold. So I thought, 'I'm just going to cook them as they are, present them as they are.' And that was the California

> regional dinner. We took food from everywhere from Sonoma to Big Sur and Monterey Bay and did it. So the menu was all in English and the wines were all from California and so all of that

After leaving there due to philosophical differences with his partner Alice Waters, he went across the Bay to San

Francisco in 1985 to open Stars, where a culinary revolution known as nouvelle cuisine or California cuisine was born. It was here that Tower became a superstar in the culinary world, and Stars, one of the world's most

profitable restaurants, became the place where

the rich and famous would fly in to dine.

After selling Stars in 1998, Tower dropped out of sight for nearly 20 years, only to resurface in the most unlikely of places, New York's fabled Tavern on the Green, where

he created dinners en masse for tourists and found himself locking horns with ownership.

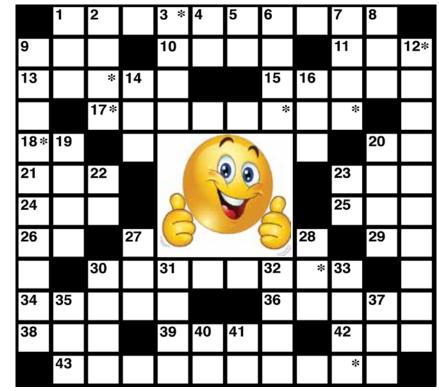

"I have a fatal attraction for the slim chance and that was certainly a slim one," he says. "...
