

## Meal Service Instructions

Springfield School District has set up ten (10) Meal Service Locations around the town. See below

These locations were chosen based on student physical addresses.

Families are welcome to access any of the locations in the list that is most convenient to them.

If driving to the location, please remain in your vehicle, communicate the number of student meals you need and meals will be handed to you.

If walking to the location, please keep social distance (6 to 10 feet) between each other and meals will be handed to you.

Meals will be in bags and presented to you holding the top of the bag. We ask that you receive the bag from holding it from the bottom. This is in an effort to reduce the spread of any potential virus/germs.
