ARE WE A GOOD FIT FOR YOUR NEEDS?

# WHO WE PREFER TO WORK WITH

## **WE ARE NOT A GOOD FIT IF ...**

---

- Your main concern is a low price with a quick turnaround, and you want an instant quote without providing in-depth details about your business and goals.
- You don't have clear goals for your business or any idea of what you want.
- You think of branding as an afterthought rather than a priority.
- You are not open to new ideas and your personal taste is more important than what will get you results.
- You're not willing to take advice and want to micromanage.
- You want a copy of someone else's design.

## **WE ARE A GOOD FIT IF ...**

---

- You're willing to put the work in throughout this collaborative process and set aside time to strategize, complete homework, and give timely feedback.
- You understand that great branding that will last you for the long haul is an investment, and a two-way relationship.
- You are willing to give us design freedom according to your vision.
- You want 1-on-1 attention and collaboration from someone who takes the time to understand your vision and business needs.
- You have a passion to learn and willing to do what it takes to maintain your website and be consistent.
