If you already confirmed your email and made your password you can access the dashboard with the following URL:

<https://systeme.io/dashboard/affiliate/>

- All you have to do is **send visits to our site**, and we'll convert them into customers.
- You earn **30% on the amount of all sales** at [nagaship.org](https://www.nagaship.org).
- **This is a lifetime affiliation**, so the contacts you send are marked in our database with your Affiliate ID. Even if they don't buy anything for 6 months or a year later, you will still earn commissions on the purchases.

Note: Our affiliate program works on the **last cookie**. If another affiliate refers the same lead with their Affiliate ID after you do, they'll get credit for the sale.

How to use your affiliate link:

To promote nagaship.org, you just have to add ***/?sa=YOURAFFILIATEID*** at the end of the URL whenever you mention a nagaship.org page.

This can be a landing page or a sales pages. Just as long as it contains:

nagaship.org and ***/?sa=YOURAFFILIATEID***

Let's look at an example of how to use your affiliate link to promote the **nagaship.org wholesale page**. (URL to promote: <https://nagaship.org/wholesale>)

Let's imagine that your affiliate ID is:

sa00041537157dbe466c95a6395de4e031d503bea587

Your affiliate link to promote this page is, therefore:

<https://www.nagaship.org/wholesale/?sa=sa00041537157dbe466c95a6395de4e031d503bea587>

You need to add " ***/?sa=*** " and then the affiliated id will also contain another "**sa**" with some numbers and letters.

What to promote:

- nagaship.org/calendar - Pays, **\$9** per sale
- nagaship.org/wholesale - Pays, **\$100 - \$300** per sale
